

A Fantastic Opportunity for  
**MEDICAL PROFESSIONALS & ALLIED HEALTH SPECIALISTS**  
to deliver  
**A COMPREHENSIVE SUITE OF DIAGNOSTIC & SUB-ACUTE SERVICES**

**Revesby Workers' Club:  
A Corner Stone of the Local  
Community**

As part of Revesby Workers' Club's multi-million dollar refurbishment and major diversification plans, the addition of a state-of-the-art multi-disciplinary medical facility further realizes our promise to support our local community.

Revesby Health Care Centre will deliver unparalleled services, promoting access to a raft of valuable primary and sub-acute medical facilities.

Innovative modern design, coupled with the latest medical and IT technology will assist Health professionals to operate more effectively and efficiently in a pleasant environment, delivering win-win outcomes.

With a client base of over 50,000 members and visitations in excess of one million per year, Revesby Workers' Club is truly the heart of the community.

Revesby Workers' Club is ideally strategically located, directly adjacent to Revesby station and a short drive from the M5 motorway with access to Mascot Airport and Sydney CBD.

Nearby hospitals include Bankstown-Lidcombe Hospital with others such as St George Hospital, Liverpool Hospital and Canterbury Hospital easily accessible within a reasonable travelling time.

Shortly, Revesby Workers' Club plans to commence the development of a new multi-disciplined medical facility. The proposed Health Care Centre will set new benchmarks in health care and medical collaboration. This exciting new concept in medical facilities has achieved success overseas and provides valuable opportunities for doctors and Health professionals to work in a warm, inviting, collegiate atmosphere. Revesby Health Care Centre will also transform the patient experience through innovative treatment areas and attractive, well designed waiting areas.

**How Revesby Health Care Centre  
Will Benefit You**

- Taking a holistic approach and creating an attractive harmonious and healing environment.
- Flexibility within the multi-discipline facility allows for changing needs and technology, delivering benefits, particularly regarding lifestyle and income potential.
